About Colab & Bloom:

Colab & Bloom is a collaboration between like-minded friends, Norm Doole, Mike Farmilo and Nick Whiteway, to create expressive and drinkable wines with abundant flavor. These bold, bright and colorful wines are adventurous in region, taste and variety. The common ground that all Colab & Bloom wines share is that they express a sense of place, made to be delicious and enjoyed in good company.

South Australia is responsible for more than half the production of all Australian wine. South Australia has a vast diversity in geography and climate which allows the state to be able to produce a range of grape varieties—from the cool climate Riesling variety in the Clare Valley wine region to the big, full bodied Shiraz wines of the Barossa Valley.
